

Class 2 Homework

Autumn Term 2021

Non-Negotiables

We believe that the basic skills are the ones that we should be practising at home so that they become a habit of life. That way, they should not be seen as a task or chore, but simply an interest or game ...

Read, read, read - a school book, home book, newspaper, subtitles or comic and jot it in your reading record

Log-on to our apps for educational 'device time' to practise our reading and maths skills (details sent separately)

Class Story

We want lots and lots of talk time at home to improve our speaking and listening skills, help remember, explore and learn more so we will post photos of what we get up to, ideas or links to our project

Check your connection to Class Dojo and check the posts to encourage talk time

Project Termly Tasks

We believe that learning 'sticks' best when it connects, is rehearsed and is explored based on personal interest and skill set, with an element of choice and purpose thrown in to motivate

This term, please complete a project task linked to **Carnival of the Animals** (refer to the Curriculum Newsletter for ideas).

Bring it to school Friday 10th December and we'll make a Project Gallery for parents to visit on Wednesday 15th December

It really is your choice of what to do or make to share our project theme – the list below will get you thinking ...

Artwork	Sculpture	Artefact	Display / Presentation
Story or Comic	Poetry or Song	Report eg Newspaper	Food/baking
Dance or Drama	Powerpoint or Multi-media	Photograph a Visit	Video recording
