

The Entertainers

A project to entertain you by R/Yr1/Yr2

Overview:

This project was aimed at KS1 to support the Literacy and Religious Education curriculums in particular. The main emphasis was on speaking to an audience, but also involved the study in depth of a great many important British celebrations both religious and national. The main presentation by the Entertainers, who called themselves 'Super School Stars', was the school Nativity. The children performed to a range of audiences young and old—the highlight being the presentation in the Village Hall to their parents.

Facilitator Reflection:

This was an ideal project for Christmas and worked very well in preparing children for their roles in the Nativity. It was great to be able to link other celebrations in to the study of Christmas and the children were really involved in their learning. The celebrations combined particularly well with our Literacy curriculum.

Pupil Reflection:

We loved doing the Nativity. We have a tradition where each Year group has different parts to play. This year I was a narrator as I am in Year 2. Year 1 were the main characters. Reception had parts too and some of them had to talk on stage. It was scary for them but they did a great job.
