

# Eagle CP School Newsletter

Term 2 Week 2

Friday 10<sup>th</sup> November 2023

Dear School Families

What a busy week! School clubs are all up and running, everyone has enjoyed a Forest School session and those in school completed their WOW Active challenge. Coach Dan has also left certificates for Brady, Drake, Isla A-C, Beatrix, Alex S, Tristan & Hollie for the highest scores in their fitness and activity trials.

## Children in Need (CIN)

Be 'SPOTACULAR' this **Friday 17th November** for BBC's Children in Need. This is a charity that we support every year and the theme for schools across the UK is to celebrate the power of positive relationships and the impact of these relationships in helping to support children and young people throughout the school years. We will connect to the ideas behind Children in Need during the week through assemblies and culminate in recognising how we can help others with a fundraising day on Friday. If you would like to, please come to school in non-uniform or your Children in Need 'merch' (if you have some, there is no need to purchase anything) in exchange for a donation to the charity.

## Annual Road Safety Week event

The annual Road Safety Week event, hosted by road safety charity Brake, is just around the corner. You may hear about it in the media between November 19th to 25<sup>th</sup>. The theme this year is 'let's talk about speed', and as the night's draw in, it may be useful to talk to your children about road safety. This weblink ([Advice for parents and families | Brake](#)) gives simple advice on keeping children safe near roads, from birth to when they become independent road users.

## The Sleep Charity

More signposting ... we have recently been sent the attached flyer from the National Sleep Charity and knowing how sleep patterns change, particularly after the clocks go back and the nights cool down, nodding off at bedtime can be tricky at times. In fact, around 50% of children will have a sleep issue at some point. The flyer shares a helpline so that you can call to get some practical strategies to help ensure healthy rest and wellbeing.

## Google Family Link

The Google Family Link has come on in leaps and bounds over the years, allowing parents greater management of their child's Google accounts (e.g YouTube) and Android devices, including children under the age of 13. The Google Family Link app helps manage a child device user by allowing parents to set digital rules. You can manage app access, set screen time and device bedtime remotely to help them build good online safety habits. Internet Matters have put together a great article (attached) explaining what Google Family Link is plus details instructions on how to set it up and use it.

## Our 'highlights' of the week ...

Little Eagles – We loved painting the wolf from Red Riding Hood.

Class 1 – Willow has enjoyed scarf dancing this week.

Class 2 – Evie enjoyed designing and making aircraft for a test flight.

Class 3 – Thomas Johnson really liked the "bleep test" in PE – it was hard!

Class 4 – Bunny has liked writing setting descriptions and diary entries about The Day of the Dead.

Best wishes, Hayley Adams
