Term 3 Week 5
Friday 4th February 2022

Dear School Families,

As we approach the final week of this school term, we have continued to juggle a little bit covid isolation and more recently a bout of illness, which has so far been isolated within families. We recommend if your child has symptoms and a negative covid test, it is worth checking these with the GP as antibiotics are most likely needed and we all want to have a happy and healthy half term. Please make sure that you contact school in respect of any illness or absence as we are continuing to log and track symptoms.

Parent Consultation

You should have received your appointment time for next week's parent consultation if one was requested – if this is not the case, please contact the school office for clarification. Appointments will be running from 3.30-7.00 on Monday 7th February and 3.30-5.30 on Tuesday 8th February. We have arranged these as face-to-face appointments and ask that you please wear a face covering – anything to minimise the risk of transmission prior to a much-needed break during which no-one wants to be isolating.

School Clubs

We are working hard to catch up from the changes that covid restrictions brought – so much behind-the-scenes activity goes on that we have been stretched to capacity, as well as the limitations on the opening up of the school. We are pleased to say that we have working across this term to re-establish school clubs 😊. We have kept our BASC wraparound care going throughout: for breakfast fun from 7.45-8.45; and games and play from 3.15-5.30. From this term, KS2 have been able to sign-up for Multi-Skills with Premier Sport and next term we are starting a whole school Street Dance club. In addition, on Monday the children will find out about music tuition available – please look out for details coming home.

Children's Mental Health Week

Next week is Children's Mental Health Week and whilst we have a busy timetable planned, we will pause for thought each day in our classes to reflect on the theme Growing Together. In school, we never stop growing, developing and changing in so many ways, but this is about growing emotionally. Challenges and setbacks can help us to grow and move beyond our comfort zone into a new realm of possibility and potential. Sometimes we might feel a bit 'stuck' and just need a bit of time and that is our goal next week; to make a bit of time with a different activity for each day.

'Our 'highlights' of the week ...

Little Eagles – Everyone has laughed and had fun splashing in soapy water as we bathed our babies.

Class 1 – Henry enjoyed making his space rocket. "It has fast jets!"

Class 2 – Max has loved building a 3D war memorial.

Class 3 – Brady has had a great time measuring and working out the lengths and perimeters of shapes.

Class 4 – Layton liked creating digital literacy about the survivor no-one believed – John Capes.

Best wishes, Hayley Adams
