

Friday 19th March 2021

Dear Parents/Carers

Red Nose Day

Lovely to see all of the superheroes and colour themed outfits today. Thank you so much for helping us to support Comic Relief – we have raised £82.85 thanks to your donations. The jokes were ..., well 'varied' 😊. The favourite one I heard was "What's is a dog magician called Labracadabra-dore".

Polite Reminders

School Arrival/Departure

We try our best to arrive at the gate on time (8.45-8.55 and 3.10-3.20) and appreciate your patient, socially distanced waiting on days when we are delayed. Please may I ask that once dropped off or collected you depart the school area.

'Playing Out'

The relaxation of lockdown restrictions at this stage is very limited. The Prime Minister was clear that schools would be the last to close and the first open and there is very little else that has changed in terms of the easing of the lockdown so that more vaccines can be administered and the data can be monitored. Therefore, even though the days are longer and the weather improved, children should not be mixing in groups and playing out.

STEP 1: 8 March

 Schools and colleges are open for all students. Practical Higher Education Courses.	 Recreation or exercise outdoors with household or one other person. No household mixing indoors.	 Wraparound childcare.
 Stay at home.	 Funerals (30), wakes and weddings (6).	

Home Testing

Just as staff are regularly testing for asymptomatic covid, parents and other adults in households with children who do not have symptoms can now also access regular, rapid coronavirus (COVID-19) testing. There are different ways for a household, childcare or support bubble to [collect or order their test](#) to take at home, twice-weekly. NB: primary school age children are not being asked to take tests and testing is voluntary, but strongly recommended to all who are eligible.

Nut-Free School

Following on from the email and dojo reminders during the week, we are a nut-free school. Please take note of this when organising snacks and lunches for your child. Thank you

Keeping Hydrated

As the weather is trying to get warmer and the children are enjoying be back with their friends for break times; there are some flushed faces having had a fun and energetic time at break, therefore having a water bottle in school is really important to re-hydrate. This is important too for during the day to help our learning. Please can we ensure that the drink is actually water – this is due to the hydration benefits, protection for teeth and the sticky messes spilt drinks create (flavoured squash in lunches is fine as eating the meal encourages saliva to help protect teeth).

Parent Consultations

Don't forget to select a time slot and email back for your booking for Monday 29th March.

Kindest regards, Hayley Adams
