

Eagle CP School Newsletter

Term 5 Week 2
Friday 29th April 2022

Dear School Families,

Race for Life

Next weekend and in a few weeks' time, some school staff will be taking part in the Race for Life. Mrs Adams, Mrs Damarell, Mrs Higginson, Mrs Thackeray and Mr Hartnell will be at the Showground and Miss Debbie is going taking part in the event at Clumber Park.

So many of us are touched in some way by cancer and we felt this is a way of us showing our support. If this a charity that is close to your heart too or you feel that you can help the fundraising efforts for Cancer Research, here is the Just Giving link for Team Eagle: <https://fundraise.cancerresearchuk.org/team/team-eagle>. So far, we have already raised over £200 between us and hope to raise much more. Thank you 😊

FOES Competition Results & Pop-up Café

Today is the first pop-up café of the season. I always love being able to see so many people finishing the school week and starting the weekend spending time together and having fun socially. As well, I have been eagerly awaiting the announcement of new café name ... the FOES pop-up café is to be called "FOES Delight's" and the winning name came from Amy Downes!

The winners of the Easter competition were also announced today with the prizes delivered into school for Luca Chapman (Little Eagles), Thomas Johnson (Infants) and Mai Hilton (Juniors). Well done 😊

SATs in May

SATs are tests that children in Year 2 and Year 6 complete nationally. Whilst the ones we do in May follow a few 'rules', these are for staff to sort out and the approach really is no different to the tests which we do throughout each school year to help assess how much learning has been retained; except for needing a space for the year group to work. We make sure the children are familiar with the way which the questions are written throughout all of their schooling and teach them how to approach the questions to show us as much as they know. We are with them, encouraging and being just the same as usual. An information leaflet is attached to this newsletter.

Family
Online Safety
Institute

Device Rules and Boundaries

Our e-safety advisor has signposted some materials to help parents if they want to sit down with their children and agree rules and boundaries in relation to new or current devices, set expectations of behaviour and much more. FOSI (the Family Online Safety Institute) have put together some really simple but wonderful agreement sheets for parents which have been attached to this newsletter.

'Our Highlights' of the week ...

Little Eagles – Miss Jess and the children had the time of their lives floating down the Amazon and animal spotting using their binoculars! The pictures on Dojo are fantastic and show how easily imagination can be sparked 😊
Class 1 – The whole class have been very interested in finding out about cavemen this week.
Class 2 – George enjoyed learning about position and movement during the week.
Class 3 – Robyn was interested in RE this week: "I liked ordering Guru Nanak's story".
Class 4 – Mai enjoyed making a periscope when learning about light in Science. I visited the classroom and there was a super 'buzz' of involvement and engagement with so much curiosity and problem solving taking place 😊

Enjoy the Bank Holiday weekend, best wishes, Hayley Adams
